Board Discussion

Intern Immunization Authority Guidance Document

At the November 27, 2018 Board meeting, the Board requested that Mr. Forbes review the statues concerning immunizations and offer his legal opinion on intern administration of immunizations.

Mr. Forbes opinion states that the practice of an intern administering an immunization should be under the supervision of the pharmacist who has a physician protocol and therefore the intern does not need to sign a protocol since they are always practicing under the supervision of the pharmacist who has a protocol.

The Board was presented with a guidance document on intern vaccination administration authority drafted by the Executive Secretary based on Mr. Forbes' opinion.

A motion was made and seconded to adopt the guidance document/position statement. (Haneke/Brunswig) Motion carries.

Approvals

A motion was made and seconded to approve the Stipulation and Consent Agreements for case numbers 18-768, 18-770, and 18-778 (Haneke/Lonergan). Motion carries.

Adjorn: The meeting adjourned at 3:33 pm.
