Dr. Worden called the open meeting to order at 9:05 am.

## **Public Hearing on Administrative Rules and Regulations**

The Executive Secretary welcomed the public and gave instructions for the public hearing on K.A.R. 68-11-1 and 68-11-2 and provided the Board with a letter from The Joint Committee on Administrative Rules and Regulations (via Kansas Legislative Research Department) from their meeting on March 28, 2019. The JCARR had no comments and were supportive of raising fees in relation to K-TRACS funding.

These regulations are being amended to increase application and renewal fees for pharmacists, pharmacies, and other facilities registered by the Board. In response to legislative requests in 2014 related to excess Board fee funds, the Board lowered fees by 20% for all application and renewal license types. In addition, the legislature swept \$800,000 from the Board fee fund to the state general fund after fees were lowered in 2014, depleting the fee fund balance even more. These increases are within existing statutory caps, allow fees to remain competitive with other state boards of pharmacy, and are necessary to maintain a positive fee fund balance in FY 2020 and beyond. Based on the increases, the Board anticipates generating \$342,630 of additional revenue per year. This should also help offset any contributions to the K-TRACS program designated by the legislature beginning in FY2020.

There were no oral or written public comments received concerning the proposed regulations.
