BOARD OF PHARMACY

**AMENDED CONSENT AGREEMENT**

THIS AMENDED CONSENT AGREEMENT is entered into this 12th day of December, 2015, by and between James Williams, R.Ph., (the "Licensee") and the Kansas Board of Pharmacy (the "Board").

WITNESSETH:

WHEREAS, the Licensee presently holds a license to practice pharmacy in the State of Kansas issued by the Board; and

WHEREAS, the Board is the state agency empowered to enforce the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.* (the "Act"), including the use of disciplinary actions to suspend, revoke or limit the licenses of Kansas pharmacists who violate the Act; and

WHEREAS, on October 17, 2014 the Board entered a Consent Order, based upon Licensee's Stipulation, in Case Number 14-70 ("Consent Order"); and

WHEREAS, among other things, the Consent Order required Licensee to enter into a 5-year *Statement of Understanding* with the Kansas Pharmacists Association Committee on Impaired Pharmacy Practice Program ("CIPP Agreement") and remain in full compliance with the requirements of the CIPP Agreement; and

WHEREAS, among other things, the Consent Order provided that the Licensee should not practice pharmacy until released to do so by the CIPP Committee; and

WHEREAS, on July 20, 2015 the Licensee signed a Consent Agreement (“Consent Agreement”), also signed by the Board’s Investigation Member on behalf of the Board, in which the Licensee agreed to not practice pharmacy until allowed to do so by a subsequent order; and

WHEREAS, on November 14, 2015 the CIPP Committee, now known as the KsPRN Committee, advised the Board that in the Committee’s opinion the Licensee should be allowed to return to work as a pharmacist with the same restrictions set forth in the Consent Order; and

WHEREAS, the Board’s Investigation Member is willing to amend the Consent Agreement to allow the Licensee to return to the practice of pharmacy with the same restrictions set forth in the Consent Order.

THEREFORE, for good and valuable consideration the Licensee and the Board agree as follows:

1. The prohibition against the Licensee practicing pharmacy contained in the Consent Agreement is removed.
2. Based upon the recommendation of the CIPP Committee, the Licensee may return to the practice of pharmacy with the same restrictions set forth in the Consent Order.
3. All of the provisions and requirements of the Consent Order, except for the prohibition against the Licensee practicing pharmacy, shall remain in full force and affect.
4. Should the Board determine, in good faith, but in its sole and exclusive discretion, that the Licensee has failed to comply with the provisions hereof, this Agreement shall cease and shall not thereafter prevent, in any respect, the Board from issuing an emergency order suspending or otherwise limiting the Licensee's Kansas License to practice pharmacy.

5. This agreement shall not prevent, in any manner, the Board from initiating a non-emergency proceeding to revoke, suspend or otherwise limit the Licensee's Kansas license to practice pharmacy.

IN WITNESS WHEREOF the parties have caused this agreement to be executed the day and year first above written.
